

100+ Years
of Power Legacy

Diesel Engines for Air Compressors
49 – 770 HP

Durable | Robust | Built to Last

www.baudouinindia.com

Over 100 years, Baudouin has been manufacturing the highest quality engines for power generation, marine and a host of other applications. The continuous need to provide durable, robust and long lasting engines for land – based power generation and the high-sea have led to Baudouin being the preferred engine supplier to the most prominent generator manufacturers in the world.

Baudouin offers diesel engine in range of 50 to 770 HP that power industrial screw Compressors. With international warranties, better fuel-economy and low emissions in its class they provide the customers with durable performance at low cost of ownership.

Casis, France - Since 1918

Manufacturing facility Pune, India

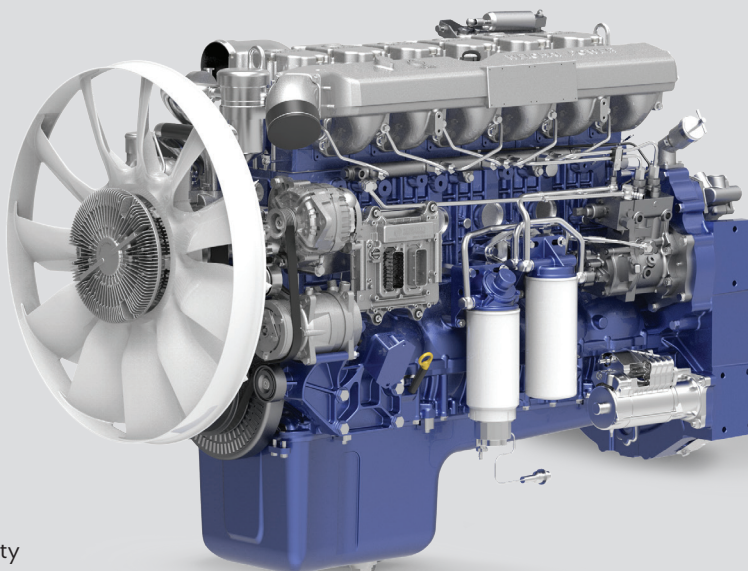

Comprehensive range of diesel engines as required for compressors

BEST FUEL EFFICIENCY
Low Operating cost

HIGH BLOCK LOADING
High block loading capacity

ECO FRIENDLY

LOW LUBE OIL SUMP CAPACITY
Lower sump capacity.
Low maintenance cost savings on Lube oil

HIGH PRESSURE COMMON RAIL SYSTEM
Better transient response.
Low fuel consumption.
Low vibration. Noise harshness.

100+

Years of engineering
legacy in global
market

Power you can trust

Built tough, Baudouin diesel engines support your compressors both in technically demanding and commercially challenging industrial applications. Worldwide, Baudouin engines remains the best choice as they offer highest uptime, reliable performance and high fuel efficiency. This helps in reducing the total cost of ownership for the end user.

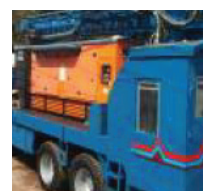

Applications

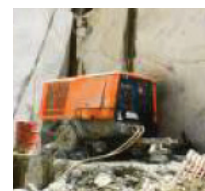

Blast hole drilling

Uranium hole blowing

Coal mining

Marble mining

Exploratory drilling

Stone mining

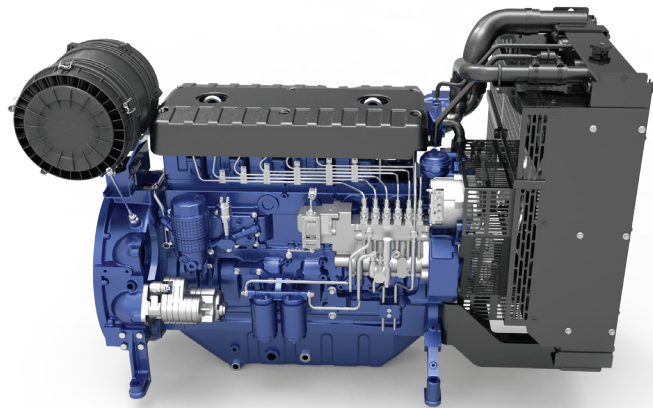

Mining in dead sea

High pressure compressor for crawler drilling

Suitable for wide range of compressor applications

Customer Benefit

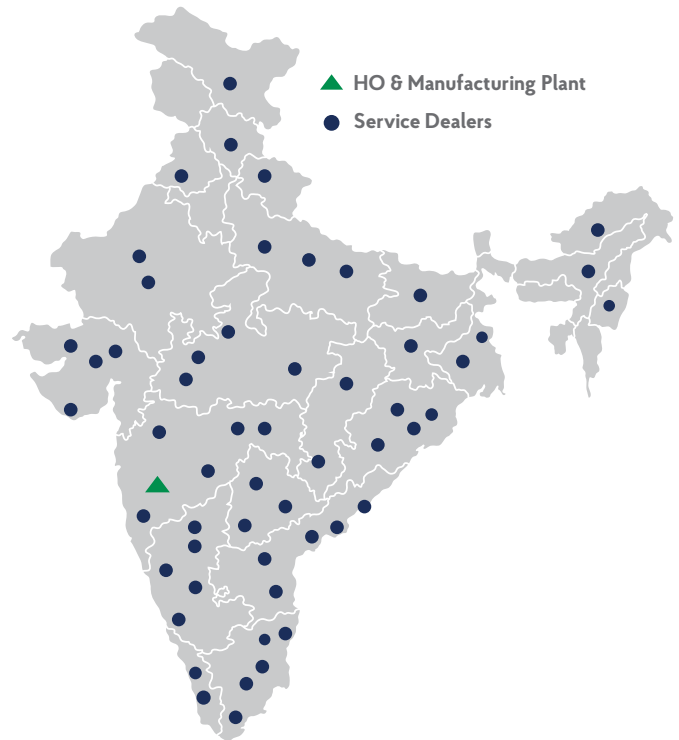

- Compact design ensuring reduced footprint.
- Rugged built made to work in the adverse environment
- Heavy dust conditions and high temperature.
- Wide service network.
- Higher power to weight ratio.

Baudouin India service support

Baudouin in India has single window solution for sales and after-market support that ensures attention to our esteemed clientele at the shortest possible time.

This concept ensures that customer support regarding engines, aggregates or complete equipment is resolved through a single window.

Our dealerships are equipped with necessary tools and equipment's and have trained and motivated service team to handle and resolve troubleshooting round the clock.
